- Induction impulse hardened teeth stay sharp for long-lasting great performance.
- Ideal for square cutting leaving an incredibly clean cut surface.
- Interchangeable blade style saves you money.
- Easy blade replacement with one simple tap.

REPLACEMENT OF SAW BLADE

Detaching blade	Attaching blade
 <p>Tap the back of the handle to detach the blade.</p>	 <p>Hook the blade into the spine and tap the handle to fix the blade.</p>

CAUTION:

Since the saw teeth are very sharp, we recommend that you wear gloves or wrap the blade with something (a cloth or towel or its cardboard sleeve) when replacing the blade.
